

LAMA Meeting and Sale

We are changing the date and location of our May meeting.

Unfortunately, this date change may conflict with the GCBA meeting. We are cancelling the meeting Joe Rogillo May 13th meeting and moving it to Saturday, May 20th.

The location will be at Jerry Baker's Shop (barn) in Broussard, Louisiana (map on website www.lama-blacksmith.org). As noted in an earlier email, the property where Jerry's barn is located has been sold and Jerry is forced to look for a new shop site. He is going to downsize his shop and operation and as such is going to have a blowout blacksmith shop sale.

So this is an opportunity to not only help Jerry out cleaning up his shop, but you'll have a great opportunity to pick up those much needed blacksmith tools and metal. He'll be selling anvils, forges, blowers, metal, tools, etc....and if you ever needed that one unique item and couldn't find it, good chances you'll find it at Jerry's shop and could possibly pick it up. Jerry did stress...CASH ONLY Sale and no returns, as you'd expect. Jerry will be providing a list of items soon and we'll send that out to everyone so that you can get a heads up on items for sale. Please spread the word and tell your friends.

One of our members is proposing having a pig roast at the barn, so that would be worth attending just for that delicacy!

Date: Saturday May 20th

Location: Jerry's Shop

1320 South Morgan Ave

Broussard, LA 70518

Time: 8:00 am till whenever

Lunch: Served when pig is cooked

Regards,

LAMA
